### **DETAILED ACTION**

#### ***Acknowledged Receipt***

1. Receipt is acknowledged of the changes to the specification and to the claims, all of which were filed on 02/17/2004. The above have been considered and entered.

#### ***Allowable Subject Matter***

2. Claims 1-16 are allowed.
3. The following is a statement of reasons for the indication of allowable subject matter:
4. The prior art of record discloses an optical transceiver having a housing with a transmitter and a receiver therein, wherein the housing further has a pair of grooves disposed on opposite sides of the housing arranged to enable the module to be removably inserted into a suitably configured board. See for example U.S. Patent 5,325,455 to Henson et al. However, the prior art of record fails to motivate or disclose the grooves having a plurality of spring-like fingers.
5. Any comments considered necessary by the Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of reasons for Allowance."
